The garden is filled with dense tropical vegetation, including palm trees and various leafy plants. Warm, yellow string lights are strung throughout the foliage, creating a cozy and inviting atmosphere. The title 'PUERTO GALERA' is overlaid in large, white, serif capital letters at the top of the image.

PUERTO GALERA

Beautifully designed and laid out, Atlantis Puerto Galera enjoys a well-deserved reputation for being a standard bearer in the world for first-class dive resorts. You can arrive in Manila in the morning and be enjoying our concierge level service and fantastic diving in the afternoon. The beautiful wall dives, and sheer number of species regularly "blows divers away". We are proud to have hosted scientists from the California Academy and other academic institutions on a regular basis over the years.

"These expeditions have resulted in the discovery of hundreds of new marine species in settings you can dive daily." - Dr. Terrence Gosliner, California Academy of Sciences.

Highlighted by lush tropical gardens where more than 100 species of exotic flowers and fruits flourish next to your room, Atlantis Dumaguete is a wonderful tropical setting that will make your cares drift away. Just inhale, exhale, dive, and relax.

CAMERA CARE

"Atlantis understands the needs and concerns of underwater photographers and videographers. We provide designated "camera systems only" space at our resorts and on our liveboards. These facilities provide climate-controlled working areas that are well lit, dry, spacious, and secure. Every imagemaker has access to 110v and 220v outlets for charging batteries, a place to stow their camera system and gear that is not being used on the next dive.

Our facilities make it easy to set up your camera system before your diving day begins and make modifications between dives. Our divemasters and boat captains are happy to take instructions regarding how you would like your camera system handled, or you can do it all yourself without any offense taken." - Marty Snyderman, Atlantis Photography Ambassador.

SPA

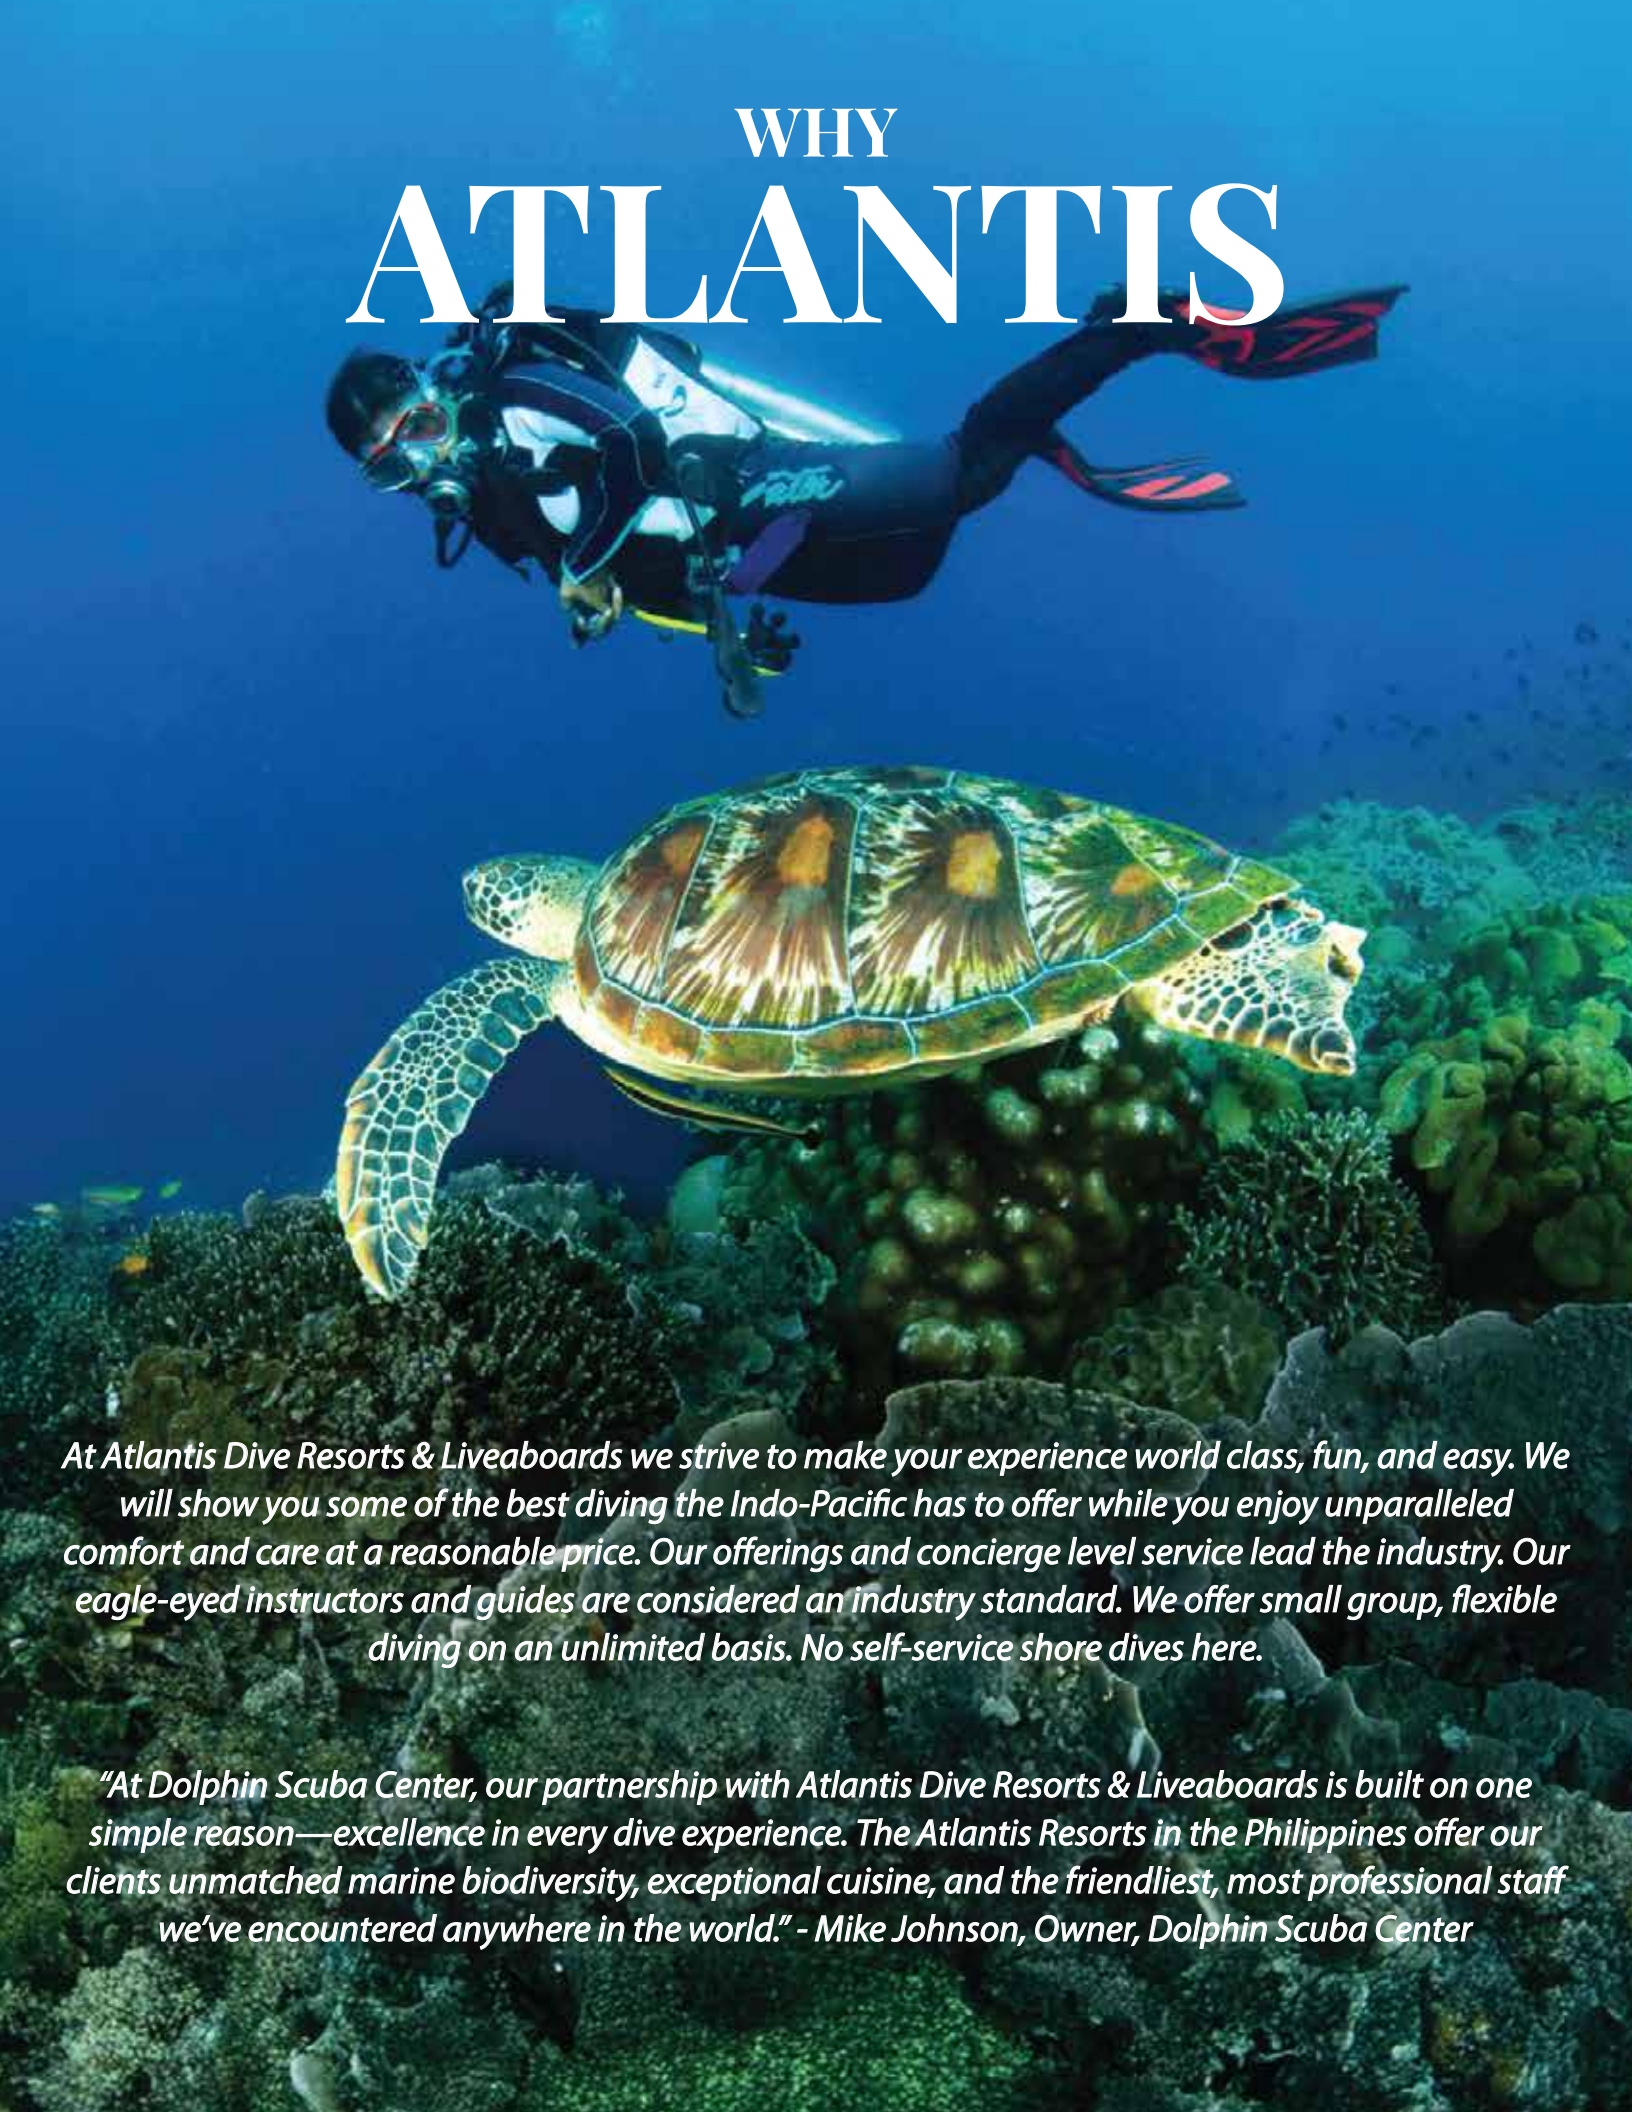

Enjoy a wide selection of therapeutic and relaxing massages from our in-house masseuses on site at Atlantis Puerto Galera and Dumaguete. Our spas provide peaceful and private settings where you can enjoy a treatment of your choice. A relaxing visit is the perfect way to renew and refresh your body and mind.

The tranquil surroundings, scents, and sounds at our spas will help you relax and drift away. Our affordable prices allow you to indulge yourself daily, without breaking your budget.

DAY TRIPS

PUERTO GALERA

Verde Island

Verde Island and the surrounding Verde Island Passage are known as the center of marine biodiversity in the Indo-Pacific. By boat, the island is only 40 minutes from the resort where our divers enjoy the astounding variety of marine creatures and stunning seascapes on guided dives.

Tukuran or Hidden Paradise

A 45-minutes long jeepney ride from town will take you to the Four Rivers area. From there, you will continue by ox cart or on foot to the beautiful, soul-soothing falls.

Tamaraw Falls

Bathe in the pools, bask in the sun, and relax while enjoying Tamaraw Falls. Only 14km from Puerto Galera, these natural jewels and their scenic surroundings are located near the village of Villaflores.

Mangyan Village

The Mangyan people are the aborigines of Mindoro. Long ago, these nomads roamed the area by foot in family groups before eventually settling in the mountains. Step back in time by visiting their home.

DUMAGUETE

Apo Island

Designated as a marine reserve, the island is a "must see" divers' paradise. The surrounding water is populated by more than 650 species of fishes and 400 species of reef building hard corals which supply shelter, surfaces for attachment, and food for an astonishing variety of reef creatures.

Whale Shark Trips

Want to snorkel with the world's biggest fish? That adventure can be enjoyed on a daytrip from Atlantis Dumaguete to the village of Oslob. That's right. You can be eyeball-to-eyeball with these gentle giants while they are being fed by local fishermen!

Casaroro Falls

This adventure begins with an exciting 4x4 ride up the mountains to the west of Atlantis. At the end of the road, you will begin a moderate one hour-long hike to Casaroro Falls, the highest waterfalls on Negros Island.

Malatapay Market

Take a 20 minutes-long ride south and you will be in Malatapay, the home of the only open-air market on Negros Island. There you can participate in the traditional Philippine barter system when buying goods. Locals from Apo Island and the nearby mountains actively trade livestock, fish, vegetables (many of which you have probably never seen or tasted), and household items. You can also sample lechon baboy (roast pork) and enjoy a cold San Miguel beer.
